30.01.16	<p>17:15, Received call from PC Martin Brown requesting that a social worker attend with them to a report of a domestic incident at 7 Canal Street. A neighbour was concerned about two children aged 8 and 6 who live there with their mother.</p> <p>Arrived 17:35. We could hear shouting and swearing when we stood outside the property and a male voice threatening to punch someone. Inside we found Kay Green (DOB 23.04.79) and John Watson (DOB 06.07.73) arguing and shouting at each other. Also present in the room were Aaron Green (DOB 31.10.07) and Hannah Green (DOB 15.01.10). There were a number of empty cider bottles in the room. When asked by PC Brown, Mr Watson said that he had "had a few bottles" during the afternoon. Ms Green said that she had not been drinking. Ms Green reported that Mr Watson had become angry when she had made his tea. She said that the argument has just got a bit out of hand and apologised that the police had been called. Mr Watson and Ms Green were warned about their behaviour by PC Brown. Mr Watson agreed to leave the property to go to his own accommodation in Railway Gardens.</p> <p>We assessed that the children were not at risk as Mr Watson had left the premises. Ms Green has been advised that she will be asked to attend the social work offices to undertake an assessment of risks to the children.</p> <p>WARNING: John Watson has a history of threatening and violent behaviour against social work staff. Always request police attendance when making a visit to him</p>
