

Overview

This standard identifies the requirements when supporting individuals at the end of their life. This includes supporting individuals to prepare for the end of life and to plan the care and support they wish to receive during the process of dying. It also includes providing care and support as death approaches and carrying out agreed actions immediately after death has occurred.

Support individuals at the end of life

Performance criteria

	Provide	support to prepare individuals for the end of life
You must be able to:	P1	offer appropriate support to the individual and key people when they receive news that the individual is dying

Additional Information

Scope/range related to performance criteria

The details in this field are explanatory statements of scope and / or examples of possible contexts in which the NOS may apply; they are not to be regarded as range statements required for achievement of the NOS

Note: Where an individual finds it difficult or impossible to express their own preferences and make decisions about their life, achievement of this standard may require the involvement of advocates or others who are able to represent the views and best interests of the individual.

Where there are language differences within the work setting, achievement of this standard may require the involvement of interpreters or translation services.

To **communicate** may include using the individual's preferred spoken language, the use of signs, symbols, pictures, writing, objects of reference, communication passports, other non verbal forms of communication, human and technological aids to communication

The **individual** is the adult, child or young person you support or care for in your work

Information could be verbal, written or electronic and needs to be in a format that is accessible to the individual and should be provided within confidentiality agreements and according to legal and work setting requirements
Key people are those who are important to an individual and who can make a difference to his or her well-being. Key people may include family, friends, carers and others with whom the individual has a supportive relationship.
Others are your colleagues and other professionals whose work contributes to

the individual's well-being and who enable you to carry out your role

Support individuals at the end of life

Scope/range related to knowledge and understanding

The details in this field are explanatory statements of scope and/or examples of possible contexts in which the NOS may apply; they are not to be regarded as range statements required for achievement of the NOS.

All knowledge statements must be applied in the context of this standard.

Factors that may affect the health, wellbeing and development of individuals may include adverse circumstances or trauma before or during birth; autistic spectrum conditions; dementia; family circumstances; frailty; harm or abuse; injury; learning disability; medical conditions (chronic or acute); mental health; physical disability; physical ill health; poverty; profound or complex needs; sensory needs; social deprivation; substance misuse

Values

Adherence to codes of practice or conduct where applicable to your role, and the principles and values that underpin your work setting including the rights of children and adults. These include the rights: To be treated as an individual To be treated equally and not be discriminated against

- To be respected
- To have privacy
- To be treated in a dignified way
- To be protected from danger and harm
- To be supported and cared for in a way that meets their needs, takes account of their choices and also protects them
- To communicate using their preferred methods of communication and language
- To access information about themselves
